4. Unless otherwise stated herein, all prices are F.O.B. Seller's Plant. Method of delivery and routing shall be at Seller's discretion. Notwithstanding any agreement to pay freight, delivery of articles purchased hereunder to a common carrier or licensed trucker shall constitute delivery to Buyer and all risk of loss or damage in transit shall be borne by Buyer.
5. Seller shall not be liable for failure to deliver or delays in delivery occasioned by strikes, lockouts, fires, inability to obtain materials or shipping space, breakdowns, delays of carriers or suppliers, governmental acts and regulations, and any other causes beyond Seller's control.

7. Seller reserves the right to make delivery in installments, unless otherwise expressly stated herein. All such installments shall be separately invoiced and paid for when due, without regard to subsequent deliveries. Delay in delivery of an installment shall not relieve Buyer of its obligation to accept remaining deliveries.
8. Seller's products are warranted to be free from defects caused by faulty materials or workmanship for a period of one (1) year from the date of shipment. The liability of Seller under this warranty is limited to repairing and/or replacing, or at its option issuing credit for, any of its products which are returned by Buyer during such period, provided, however, that:

 - (b) Seller, in writing, authorizes the return of such defective merchandise; and
 - (c) Defective merchandise is returned to Seller accompanied by a report of findings indicating the basis for rejection and with transportation charges prepaid by Buyer; and
 - (d) In the opinion of Seller such defects exist and have not been caused by abuse, misuse, neglect, improper installation, repair, alteration or accident.

Seller makes no warranties express or implied, except as herein stated, and specifically Seller makes no warranty as to the merchantability of these goods or as to their fitness for any particular use or purpose.
9. Seller's liability under this contract shall be limited to the stated selling price per unit of any defective goods and shall, in no event, include Buyer's manufacturing costs, lost profits or good will, or any other special or consequential damages.
10. Buyer shall indemnify Seller against all claims or liability for patent infringement which may result from the production and sale of articles made in accordance with Buyer's specifications.
11. Any tools, dies, molds, jigs or fixtures employed by Seller in connection with this contract which may be Buyer's property are held at Buyer's risk, and Buyer agrees that Seller shall have a lien thereon while in Seller's possession to secure all indebtedness whatsoever due from Buyer to Seller, which lien may be enforced by public or private sale or court action at Seller's discretion.
12. Except as otherwise stated herein, this contract shall be non-cancellable except with the written consent of Seller. In the event of cancellation, Buyer shall pay Seller, at Seller's option, the following as liquidated damages:
 - (a) Invoice price of all goods which have been identified to the contract, whether such articles have been delivered to Buyer or not.
 - (b) Actual costs incurred by Seller for goods not completed, which are allocable to the balance of the contract, including the cost of discharging Seller's liabilities which are so applicable, and the costs of materials on hand which were acquired or produced in connection with this order, plus a reasonable allowance for profit in connection with partially finished work and materials.
 - (c) Reasonable costs incurred by Seller, including accountants and attorneys' fees, if any, for making termination settlement hereunder.
13. The remedies herein reserved by Seller shall be cumulative and in addition to any other legal remedies. No waiver of a breach of any provision of this contract shall constitute a waiver of continuing or future breach of such provision or of any other provision hereof.
14. This contract represents the entire agreement of the parties, and shall not be assignable by Buyer voluntarily or by operation of law or otherwise.

TERMS: NET 30 DAYS
F.O.B. MENTOR, OHIO

TRIDELTA INDUSTRIES, INC.
TERMS AND CONDITIONS OF SALE

1. All prices are net thirty (30) days and subject to any additions necessary to cover any tax or charge now existing or hereinafter imposed by Federal, State, or Municipal authority.
2. All prices are F. O. B. Seller's plant or other shipping point so designated by Seller.
3. All prices and quotations are subject to change or withdrawal without notice. Your order will constitute acceptance of the terms outlined herein and upon acceptance at Seller's plant will constitute an agreement between us. This agreement may not be changed or terminated orally, and no change, termination or waiver of any of its provisions shall be valid unless in writing and signed by TRIDELTA INDUSTRIES, INC.
4. Unless otherwise stated herein, all prices are F.O.B. Seller's Plant. Method of delivery and routing shall be at Seller's discretion. Notwithstanding any agreement to pay freight, delivery of articles purchased hereunder to a common carrier or licensed trucker shall constitute delivery to Buyer and all risk of loss or damage in transit shall be borne by Buyer.
5. Seller shall not be liable for failure to deliver or delays in delivery occasioned by strikes, lockouts, fires, inability to obtain materials or shipping space, breakdowns, delays of carriers or suppliers, governmental acts and regulations, and any other causes beyond Seller's control.
6. Seller reserves the right at any time, to revoke any credit extended to Buyer because of Buyer's failure to pay for any goods when due or for any other reason deemed good and sufficient by Seller, and in such event, all subsequent payments shall be made in advance of shipment or on delivery at Seller's discretion.
7. Seller reserves the right to make delivery in installments, unless otherwise expressly stated herein. All such installments shall be separately invoiced and paid for when due, without regard to subsequent deliveries. Delay in delivery of an installment shall not relieve Buyer of its obligation to accept remaining deliveries.
8. Seller's products are warranted to be free from defects caused by faulty materials or workmanship for a period of one (1) year from the date of shipment. The liability of Seller under this warranty is limited to repairing and/or replacing, or at its option issuing credit for, any of its products which are returned by Buyer during such period, provided, however, that:
 - (a) Seller is promptly notified in writing by Buyer following any product failure within one (1) year from date of shipment; and
 - (b) Seller, in writing, authorizes the return of such defective merchandise; and
 - (c) Defective merchandise is returned to Seller accompanied by a report of findings indicating the basis for rejection and with transportation charges prepaid by Buyer; and
 - (d) In the opinion of Seller such defects exist and have not been caused by abuse, misuse, neglect, improper installation, repair, alteration or accident.

Seller makes no warranties express or implied, except as herein stated, and specifically Seller makes no warranty as to the merchantability of these goods or as to their fitness for any particular use or purpose.
9. Seller's liability under this contract shall be limited to the stated selling price per unit of any defective goods and shall, in no event, include Buyer's manufacturing costs, lost profits or good will, or any other special or consequential damages.
10. Buyer shall indemnify Seller against all claims or liability for patent infringement which may result from the production and sale of articles made in accordance with Buyer's specifications.
11. Any tools, dies, molds, jigs or fixtures employed by Seller in connection with this contract which may be Buyer's property are held at Buyer's risk, and Buyer agrees that Seller shall have a lien thereon while in Seller's possession to secure all indebtedness whatsoever due from Buyer to Seller, which lien may be enforced by public or private sale or court action at Seller's discretion.
12. Except as otherwise stated herein, this contract shall be non-cancellable except with the written consent of Seller. In the event of cancellation, Buyer shall pay Seller, at Seller's option, the following as liquidated damages:
 - (a) Invoice price of all goods which have been identified to the contract, whether such articles have been delivered to Buyer or not.
 - (b) Actual costs incurred by Seller for goods not completed, which are allocable to the balance of the contract, including the cost of discharging Seller's liabilities which are so applicable, and the costs of materials on hand which were acquired or produced in connection with this order, plus a reasonable allowance for profit in connection with partially finished work and materials.
 - (c) Reasonable costs incurred by Seller, including accountants and attorneys' fees, if any, for making termination settlement hereunder.
13. The remedies herein reserved by Seller shall be cumulative and in addition to any other legal remedies. No waiver of a breach of any provision of this contract shall constitute a waiver of continuing or future breach of such provision or of any other provision hereof.
14. This contract represents the entire agreement of the parties, and shall not be assignable by Buyer voluntarily or by operation of law or otherwise.
15. The contract between the parties shall be governed by and shall be construed according to the laws of the State of Ohio.
16. All clerical and typographical errors are subject to correction and in no way bind the Seller.
